Director Bobby Lake

Mission Statement: To protect the environment and to preserve and enhance the quality of life for Moore County citizens by providing a prompt and efficient system of maintenance for County facilities and vehicles. Property Management Division has 25 full time employees, which includes a director and administrative assistant. Property Management consists of a maintenance section, custodial section, and a vehicle maintenance section.

Maintenance Services consist of employees with skills and knowledge that include finish and general carpentry, electrical, plumbing, pesticide application, grounds equipment operation, basic heating, ventilation and air conditioning principles.

Property Management Completed 1,589 Work Orders in 2012:

1. Maintain 30-40 County Buildings
2. Electrical
3. Plumbing
4. Painting
5. Carpentry
6. Heat and Air Conditioner Service
7. Repairs to Equipment
8. Moving of Offices/Equipment
9. Surplus Property
10. Contract Building Projects
11. Maintain County grounds

Custodial Services consist of employees with skills and knowledge required for the daily cleaning of buildings, trash removal, room set-ups, and distribution of mail and office supplies. This section functions under a standard operating procedure for custodial services. Custodial staff completed 215 work orders in 2012.

1. Maintain Cleanliness of County Buildings
2. Meeting Room Set-Ups
3. Paper/Janitorial Supply Delivery
4. Trash Pick-Up
5. Custodial MSDS Manuals

Vehicle Maintenance consists of employees with skills and knowledge required to provide basic maintenance and repair to county owned vehicles and grounds equipment to include: certified inspections; tire changing; wrecker service; oil changing and lubrication; basic component part replacement; and record keeping.
